

FBC 101 – Class 5 = The Providence of God (cont.)

**The Bible is a Covenantal document, outlining the life and terms of the Kingdom of God.
This revelation grows as the life of the kingdom unfolds progressively**

- Progressive Revelation does not imply contradictory revelation between the OT & NT
 - Matt 5:17-18
 - We must then find the meta-narrative (overarching story) in how the two covenants relate, and how the New fulfills what began in the Old
- OT = worldly, physical, signs NT = spiritual fulfillment
 - Typology = foreshadowing that leads to greater or deeper fulfillment

Review assignment on parallels between Exodus 1-19 & NT/Christ (some ex. below)

Main study for this class – Exodus 3

- OT:
 - Sinai/Horeb – Hebrew root for wasteland
 - Fire = divine presence, purifies/sanctifies (consecrates as holy), dwelling of God

- NT:
 - Human heart is the wasteland, dry desert bearing no fruit, unholy
 - Fire = HS, and his refining work (Luke 3:16)
 - Indwelling presence makes us holy (sanctified, glorified as dwelling of God)
